

Dear Customers

As I expect you know all the horses and ponies have now been re-homed.

Radar, Biscuit, Bert, Oscar, Prince, Rose, Heidi and Holly have gone to Hillside Sanctuary in Norfolk.

Scotty, Minty, Coco and Candy have gone to Remus Horse Sanctuary near Ingatestone.

Smartie, Treacle, Colin and Marbles have gone to private homes.

Scotty, Minty, Coco and Candy have been in isolation as a precaution until today. I visited them and spent time with them. They have settled well and are very happy.

Sue Burton who runs Remus Horse Sanctuary was responsible for re-homing the horses and ponies both to Remus and Hillside. I am so grateful to her for making all the arrangements.

Remus is a great sanctuary but of course it needs a lot of support in order to care for all the animals. I know that there is an open day at the sanctuary 4<sup>th</sup> of October -when it will be possible to see the four Brook Farm ponies. Please support Remus in any way that you can

Missing you all.

Love Pat
